Summary

IT Support Intern with over 3 years of experience as a technical support professional proficient in CRM tools such as Zendesk, Salesforce, and Evergent, excelling in resolving customer issues effectively and efficiently. I also have a foundational knowledge of Network Configuration, Python, and Java, with experience in small projects. I specialize in guiding customers through troubleshooting processes across multiple channels, including chat, phone, email, and SMS. Additionally, I have expertise in documenting issues and preparing escalation reports to ensure seamless support operations. With strong communication skills and a customer-oriented approach, I consistently deliver exceptional service and foster positive experiences for clients.
